DIRECTIONS

(Leave the motorway at **Junction 6 of the M6** if you are coming from the N.W. or S.E. (M6), the south (M40) or the east (M42). If you are coming from the S.W. along the M5, we suggest you leave at **Junction 3 of the M5**.)

Leave the M6 at Junction 6 following signs for A38(M) to the city centre. Ignore signs to Aston and stay on the A38(M) for about two miles. Take the third exit. This is just as you pass the overhead 'end of motorway' signs. As you leave the A38, filter left. This ensures you take the first exit at the Lancaster Circus island onto James Watt Queensway. Drive past Aston Street which is the first left and keeping in the left hand lane, take the next left into Coleshill Street (signposted Aston University Car Park) and continue to reach Car Park 6.

Leave the M5 at Junction 3 and travel along the Hagley Rd (A456) towards the city centre. After about 5 miles, you will emerge from the Five Ways underpass into Broad Street. At Paradise Circus, take the 2nd exit and then after going through 1 underpass, come off the A38 at Lancaster Circus and take the 3rd exit. (Read from M6).

Onsite parking is subject to availability
